ABOUT US

The AIHPGS 2023 intends to bring together a variety of people and professionals from many walks of life, including researchers, practitioners, and academicians, both from India and across the world to support the progress of homoeopathy in India and the globe. The response to the previous pioneering initiatives, which D. N. De Homoeopathic Medical College and Hospital successfully started in 2018, has been overwhelmingly encouraging. The legacy is being carried out successfully by the postgraduate homoeopathic institutions of West Bengal since 2018. The association of the Postgraduate Scholars from the National Institute of Homoeopathy, The Calcutta Homoeopathic Medical College and Hospital, and Mahesh Bhattacharyya Homoeopathic Medical College and Hospital will support the organizers in this endeavour and will help to ensure the success of the program. In light of the above, we intend to invite distinguished resource persons to offer their various outlooks on homoeopathy, which will undoubtedly open up new avenues for aspiring homoeopathic professionals.
