HOMOEOPATHIC EMERGENCY MEDICINE SERVICES

*A Step Towards United Services to Patients by Homeopaths*

An initiative of Dr Kamlesh Mehta's Homeopathic Panacea Clinics  
Facilitated by : Dr Pankaj Lakhani, Homeopathy Forever Charity

#### HEMS - Homeopathic Emergency Medicine Services:

- It aims at making homeopathic medical services and medicines available to patients in urgent situations even if a patient is away from his/her homeopath.
- It intends to overcome usual problem of non-availability of homeopathic medicines easily and especially at the odd hours when it is required the most as patients improving on homeopathic treatment do not prefer any other sort of treatment.

#### HEMS - Selfless, Volunteering and Professional Homeopathic Services:

- Homeopathic physicians willing to get united to offer HEMS, will register themselves stating their preferable time and address for offering services.
- Currently the number is growing from different states of India and from abroad.
- Such patients required to have such services will be furnished with details of their nearby homeopaths only after prior coordination and consent of the doctors on the list. Homeopathic physician of the patient will coordinate him/her with the willing homeopath.
- Homeopath offering services will coordinate with the patient's physician for required data and will also share his/her observations of the case to the primary homeopath. He may share his opinion and finally dispense medicine following the patient's primary homeopath's guidelines by collecting his professional fees for the services offered.

#### Scope of HEMS:

1. It will be first of its kind of Homeopathic United service to patients
2. Patient will be always taken care in emergency even in remote unknown area if there is homeopath around and connected to HEMS network.
3. This global movement will create brotherhood and fellowship among Homeopaths of different school of Homeopathy for a cause. Once connected, fellowship will be helpful and resourceful to each other's growth in many ways.
4. Cause is humanity - non-political, non-controversial, non-commercial.
5. Together, Homeopaths will be a power to contribute positively. So, homeopathy has to be acknowledged by the world for services and results.
