Local administration providing ration to those in need

4. **Ration provisions to those in need through coordination of State Corona Helpline and State Disaster Management Cell:** To address common people's corona-related issues, state control room is being run at the director office in Pune. After the declaration of

lockdown, different issues are narrated by people to this helpline. A lot of these calls are by people working in the informal sector. Owing to lack of money, ration shortage is reported quite frequently. In view of this, state helpline coordinates with the State Disaster Management Cell in order to make provisions of ration for these people. Many of the workers from the informal sector are being helped like this through the local administration.
