Subject: Permission granted by Government of Gujarat to Homoeopathic Doctors in COVID care centres

Date:15-05-2020

Dear Doctors,

HMAI Gujarat State branch had written several times and our Dr Bhaskar Bhatt and Dr Haresh Patel had several rounds of meeting with the Director, to allow to treat active COVID patients in government hospitals and Covid care centres across Gujarat.

With great pleasure would like to inform you all that our representations have been accepted by our Gujarat Government and homoeopathic doctors will go to the government designated hospitals or Covid Care Centres CCC.

At present this project will begin from Ahmedabad. Hence homoeopathic doctors from Ahmedabad will be selected to extend their honorary services in this project. This whole project will be taken up as a research project of HMAI, Gujarat state branch.

We have to make a team of doctors who are willing to go this hospitals/CCC and take the patients history. Case details will be recorded in the CASE record form of CCRH, the doctor have to repertories and then select the indicated medicine, for any confusion in selecting, doctor can ask the expert panel.

With this we are inviting participation of all those who are ready to extend their voluntary service in this noble work. It's a great opportunity for our Homoeopathy, to be part of this fight against Corona Virus. Interested doctors will be required to send their application/consent letter on their letterhead by email at- drhresh1@gmail.com

They must agree to following:

1. The service is a voluntary & honorary service
2. The doctor will need to visit any designated hospital or Covid Care Centres (CCC)
3. They will be required to visit regularly
4. Doctors above 60 years and co-morbidity will not be allowed in the hospital to work.

From:

Dr.Haresh Patel
President, H.M.A.I.
Ahmedabad Unit

Dr. Keyur Majmundar
President, H.M.A.I.
Gujarat State Branch
