INTRODUCTION TO THE WEBINAR

PROGRAM

“Technology will never replace great teachers but technology in the hands of great teachers is transformational”.

This transformational experience is carried out in the field of Homoeopathy through the medium of “Webinars”.

“Homoeopathy360” & “B. Jain Publishers” are combinedly providing a platform to teachers who are helping students to find a path to purpose in one of the noblest aspects of teaching.

One such an educational webinar was arranged on **the teachings from Organon of Medicine by Dr. Amar Thakkar and Dr. Sameer Bodas.**

DIVISIONS

WEBINAR SPEAKERS AND THEIR TOPICS	
	
DR. AMAR THAKKAR	DR. SAMEER PRABHAKAR BODAS
“ORGANON AT OUR RESCUE IN THIS COVID-19 INDUCED PANDEMIC”	“UTILITY OF SYMPTOMATOLOGY FOR HOMOEOPATHY”

INCLUSIONS

- The project report includes –
 - 1) Purpose Of The Webinar.
 - 2) Schedule Of The Webinar.
 - 3) Details Of The Webinar.
 - 4) Summary.

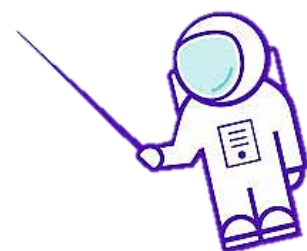

PURPOSE OF THE WEBINAR

A. Purpose Of "Homoeopathy360" (B. Jain Group)–

- To become an All-in-One Solution to the need of Homeopaths of 21st Century.
- To strive hard and prove Homeopathy as an Evidence-based Science.
- Above all this, the main mission is to "Broadcast the new talent to the world".

B. From Dr. Amar Thakkar -

- *"Truth will sooner come out from the darkness of confusion."*
With this basic concept in the favour of Homoeopathic Science of Medicine, Dr. Hitarth N. Mehta came to a thought to make the young arising physicians help in the situations of growing pandemics of COVID - 19. With this aim, he decided to give knowledge of Organon in relation to the difficulties which was faced in the pandemics.

C. From Dr. Sameer Prabhakar Bodas -

- The approach for learners to see the practicality of working of Homoeopathy in case analysis depends on the clear formed base of “Symptomatology”. Considering this point, he came to give a clear and comparative understanding of various types of symptoms.

SCHEDULE OF THE WEBINAR

- Date of the Webinar – 14th May, 2020.
- Day of the Webinar – Thursday.
- Time of the Webinar – 12:00 pm to 2:00 pm.

Mail:amarthakkar2009@gmail.com

(2) Explanation through Aphorisms –

- The basics of the understanding was given from the base of 5th edition of Organon of Medicine, but few points were made to be noted from 6th edition of Organon of Medicine.
- He shared his personal views for the consideration of aphorisms in Pandemics.
- He threw light on certain aphorisms in 2 sections – one mainly concerned to the classification of acute diseases & the other in relation to the case taking and points to be counted in acute cases.

- With the pointing towards the above explanation, most important aphorisms were listed down.

(3) Investigation of Epidemic & Sporadic Diseases –

- In relation to the classification of acute disease and for the method of investigation § - 100, 101 & 102 were explained.

(4) Part Explaining dealing with the individual cases –

- In this part sir tried to explain about treatment of acute disease with consideration of PQRS.
- In this context, § - 151, 152, 153 were explained.
- With this few violent sufferings of the patient with consideration of complete picture can be treated well.

(5) Case Taking in Acute Disease –

- There are points to be considered while case taking of disease of rapid course and sudden onset.
- The complete picture along with origin, duration & progress are to be considered in case- taking.
- In relation to this concept, § - 92 was described.

(6) Idiosyncrasies & Peculiar Corporeal Constitutions –

- In relation to immunity and the power of the body to respond well is conceptualized in terms of idiosyncrasies.
- This concept was explained with the help of § - 117.

(7) Explanation for Relapse & Palpable Aggravation –

- The concept of suppression of the acute conditions or their relapse after palliative therapy was explained with context of § - 59.

(8) Need of Diet & Regimen –

- Lastly, the freedom of Diet & Regimen in the pandemics of such acute diseases was emphasized.
- This concept was explained with the help of § - 262 & 263.

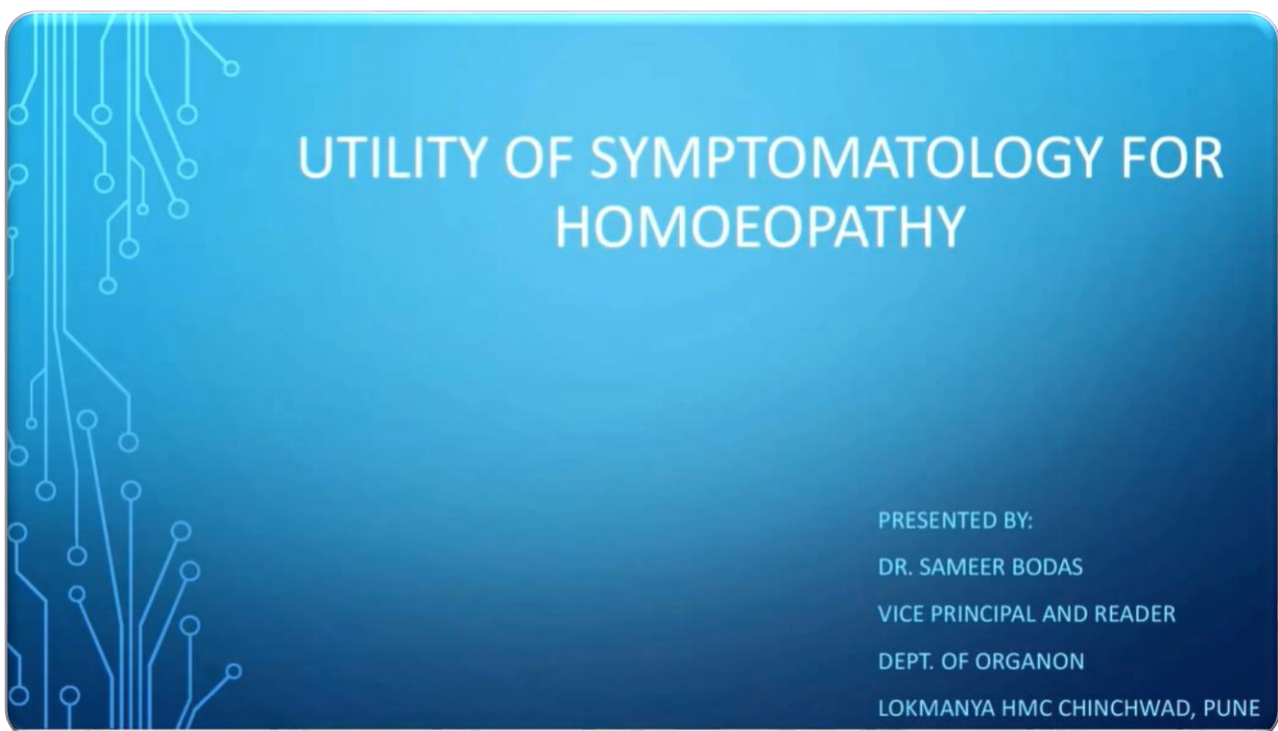

(9) Other Explanations –

- The other important aphorisms were also explained in relation to the Pandemic situation.
- The aphorisms were – 247, 248, 73, 272, 169 & 288 (in relation to 6th edition of Organon of Medicine).
- Moreover, § - 34, 8, 4, 3, 2 & 1 were pointed out as basics.

C.2nd Session by Dr. Sameer Bodas –

(i) Overview –

- Dr. Sameer Bodas initiated his webinar by encouraging the students and building a background of symptomatology which the young generation will face in clinic.

(2) Various Symptoms –

- Starting with the definition and the § describing the concept of Symptomatology was described.
- Various concepts given by various stalwarts was explained.
- Including this, the importance of symptomatology in base of classification & analysis of the symptoms is explained.

- Various symptoms like – Common symptom, Uncommon symptom, Pathogenic common symptom, Non-pathogenic common symptom, General symptom, Mental general, Physical general, Particular symptoms, Clinical symptoms, Basic symptoms, Determinative symptoms, Totality of symptoms, Subjective symptoms, Objective symptoms, Rare symptom, Peculiar symptom, Diagnostic symptoms, Individualizing symptom, etc. were explained.

D. Doubt Session –

- The students asked many questions for clearing their concepts.
- All the answers were appropriately explained in depth by both the eminent speakers.
- It was a privilege for us to understand the doubts in easy palatable manner.

END OF THE WEBINAR

- The webinar was ended by Dr. Yashika.
- She gave the vote of thanks and congratulated for being a part of such an acknowledging webinar.
- Also, she thanked for being a part of “Homoeopathy360”.

SUMMARY

- Overall, it was a good practical experience.
- We all got to know how things get actually worked in the practical aspects in the medical field.
- Also, the guidelines for the clinical practise were explained in an easy palatable manner.
